With best wishes to all centres stepping into the new academic financial year: 2022-2023

The below courses play very important role in creating jobs in rural areas. All the centers conducting these courses are advised to maintain keen interest & attention in providing education & training with these courses:

- ❖ Advanced Computer Aided Design Rhino CAD .
- ❖ Certificate course in Tally Prime with GST duration 3 months.
- ❖ DCTTC (Diploma in Computer Teachers Training Course) duration 12 months.
- ❖ PGDIT (Post Graduate Diploma in Information Technology) duration 12 months.
- ❖ ADIT (Advanced Diploma in Information Technology) duration 12 months.

**Advanced Computer Aided Design Rhino CAD:** Rhino-CAD (Computer Aided Designing) is the easiest software for 3D for Jewellery designing. CAD & CAM process is very helpful for the mass production in jeweler sectors. For Indian and International market CAD/CAM process will enhance product quality, time reduction, weight management, cast management. By using CAD, we can make our own customized designs with the required specifications like size, weight, cast.

**Diploma in Computer Teachers Training Course:** - This is a famous course all over the various states with two semester examinations and duration of 12-month period. This course is very helpful to all category students. Likewise, other courses are also equal important

It is to be noted that from this academic year onwards all the centres should provide the concerned text books to the students compulsorily and **at any cost if books are not issued**. The counting of books shall be considered according to the number of students and courses they opted. The price of RCTA Prospects is kept at Rs. 45/- as it is from the beginning. At the same time the course fees at all centres also allowed to increase upto a certain percentage which is explained later in this circular.

Our centres is bound to pay the exam fees share for each and every students in 2 equal installments and the same has to be sent to the **Administrative office, Rural Computer Training Academy Porkala Complex Navoor Bantwal Mangalore (India)-574211** together with the students list and application forms with attested copies of the Marks list. If offline (both theory & practical marks) and if online (only practical marks), both application forms & marks list has to be compulsorily sent to Administrative office.

By this revised system both for training centre's and Academy at the end of the year the total economical burden will be relieved. To balance on cost we need to increase every year 5% on Examination fees So, we need all Branches support for smooth function.

**Study Materials:** When the first instalment of the total fee received then within a week The study materials will be supplied by the Academy towards the other study centres. And as the same way after the third instalment the second instalment of study materials will be supplied.

By all means all the centres should follow the received system and otherwise all type of relationship with them will be cut off. And also other steps will be taken. It is the cherished endeavour of the Academy to
